

**ENERGISA S.A.**  
CNPJ/MF n.º 00.864.214/0001-06  
A publicly held company

## MATERIAL FACT

ENERGISA S/A (“Energisa” or “Company”), a publicly held company, corporate taxpayer registration number (CNPJ/MF) 00.864.214/0001-06, pursuant to CVM Directive 358, Article 12, Paragraph 4, issued on January 3, 2002, hereby informs its shareholders and the market in general that, in the Transmission Auction Number 002/2018 (“Auction”) held on June 28, the Company won Block 19, located in Pará, with an Annual Permitted Revenue (RAP) of R\$ 33,515,000.

This project is an extension of block 26 from Auction 005/2016 held in April 2017, which will result in important construction, operating and maintenance synergies. A large part of this synergy is enabled due to the hiring of the same EPC supplier, Omexon, a subsidiary of Groupe Vince Energie, in the turnkey form.

The Company also informs that Aneel will grant the SPE’s (Specific Purpose Entities) that will be constituted for the abovementioned projects the right to explore such assets for 30 years from the day the contract is signed.

After a successful auction, Energisa now owns a total of 3 transmission blocks acquired in 2017 and 2018, with 571 km of extension, and an approximate RAP of R\$ 120 million.

The result of this auction strengthens the Group’s position in the transmission segment, and consolidates the presence of Energisa Soluções in the segment, which will be responsible for the Owner’s Engineering, Operation and Maintenance.

Further details may be discussed in the Conference Call with the market scheduled for today at 11:00 a.m. (BRT) and 10:00 a.m. (EST), through the number +55 11 2188-0155, password: Energisa.

Rio de Janeiro, June 29, 2018.
